## With Years of Experience

...working in the art and framing industry, SFC Gallery understands the needs and challenges in every aspect of the business. We can help you weigh these needs to find the right match for your individual piece or job. Our top priority is always quality, and it shows in every job we do, large or small.

Working directly with manufacturers gives us the ability to keep our costs low so you don't have to pay high prices for your framing services. All work is done in-house in our 5500 sq foot production facility and allows for large orders to be completed quickly, efficiently, and inexpensively.

## Competitive Pricing

Unlike most frame shops, we are uniquely equipped with the ability to buy direct in large quantities and pass the savings onto our clients. We carry a huge selection of materials in-stock with more available for order.
